

## ITALY HAS DECLARED WAR AGAINST BULGARIA

## TROOPS MAY BE SENT TO AID SERBIANS

Grave Differences Have Taken  
Place in the Government  
of Great Britain

(By Associated Press.)  
LONDON, Oct. 19.—ITALY HAS FORMALLY DECLARED WAR AGAINST BULGARIA, BUT IT IS NOT KNOWN WHETHER ITALIAN TROOPS WILL BE SENT TO THE AID OF SERBIA. THE ALLIES, HOWEVER, HAVE DECIDED TO SEND A CONSIDERABLE NUMBER OF REINFORCEMENTS TO THE BALKANS. SUDDEN ILLNESS HAS FORCED PREMIER ASQUITH INTO SHORT RETIREMENT. CABINET DIFFERENCES NOW OVER SHADOW MILITARY DIFFICULTIES IN THE PUBLIC INTEREST. THE NEWSPAPERS AND POLITICIANS AGREE THAT THE DIFFICULTY IS OVER THE QUESTION OF CONSCRIPTION AND NEAR EAST MATTERS. THE RESIGNATION OF SIR EDWARD CARSON, THE ATTORNEY GENERAL, IS PROOF OF DIFFERENCES, ALTHOUGH THE ACTUAL REASONS ARE UNKNOWN. THE REMOVAL OF IAN HAMILTON FROM COMMAND AT THE DARDANELLES IS RECEIVED WITH MIXED FEELINGS.

POLICE SERGEANT  
J. S. TOOLEN SHOT

HARRY DUNCAN, ALLEGED SLAYER, ALSO ACCUSED OF AUTO THEFTS

(By Associated Press.)  
LOS ANGELES, Oct. 19.—The police are searching the hills for Harry Duncan, charged with the shooting and killing of Police Sergeant J. S. Toolen, who was entering Duncan's home to arrest him in connection with auto thefts. Toolen, late last night, arrested three men, who confessed, implicating Duncan.

The arrested trio said that the gang had long been engaged in stealing automobiles. Patrolman W. B. White and Toolen went to Duncan's South Pasadena home. Duncan's mother said her son was not at home. Suddenly two shots rang out from the top of the stairs, the bullets striking Toolen, who was standing in the doorway. The body lay on the porch until reinforcements arrived. White and Duncan, in the second story, engaged in a revolver duel. The police chauffeur summoned help. Duncan escaped to the hills and secured several hours' start. Bloodhounds, the movie cowboys and a hundred patrolmen mounted on motorcycles are trailing the fugitive.

KNORR SAFETY BIPLANE GETS INTO AIR AND MAKES NINETY MILES AN HOUR

George Knorr, who has spent three years and several thousand dollars devising a safety aircraft, is now on the verge of success. For nearly a week he has been camped at Cactus flat, known also as Dry Alkali lake, 15 miles south of Tonopah, where he has been trying out his apparatus.

Before attempting to leave terra firma he removed the wings from the machine and circled the dry lake a number of times, using his machine as an automobile. A powerful motorcycle attempted to pace the airship, but was left hopelessly behind.

A slight mishap, however, occurred. He scored one of the cylinders of the engine, but even with it in a crippled condition he essayed a short flight yesterday, rising about 300 feet and attaining a speed of 90 miles an hour. On account of the engine not working properly he soon descended. A man who was sent in to town for some extra parts said that he would attempt to fly again today.

ANOTHER CASE THAT  
LEFT THE CALENDAR

The case of the West End Consolidated Mining company versus the Jim Butler Mining company was not dropped from the court calendar yesterday because of pendency of appeal, but because there were no matters to come before the court in the immediate future for adjudication. It may be restored on ten days' motion. It was a case in which the present plaintiff and defendant are reversed that is on appeal to the supreme court.

## COMPANY FILES ARTICLES

The Union Amalgamated Mining company filed articles of incorporation yesterday with the county clerk. It is incorporated for 2,000,000 shares at 10 cents a share. The incorporators are: Charles Wittenberg, James H. Forman and William Forman. The property is located on Litigation hill in the Manhattan district and Tonopah is the principal place of business.

Death came suddenly to Fred Lovelock of Tonopah at an early hour this morning while he was about to hasten home from Luning, having been overtaken by an attack of asthma, but he struggled from the malady and suddenly passed away. He was engaged in teaming ore to Luning from mines in the vicinity. Surviving him are his wife in this city, two sisters and five children, Lavant Lovelock, a fireman on the Southern Pacific; Forrest Lovelock, who is a resident here, but is now at the San Francisco exposition; Nellie Lovelock, who is studying to be a trained nurse at San Francisco; Juanita Lovelock, who is also there receiving surgical treatment, and Ara Lovelock of Tonopah.

The deceased was born January 23, 1848, in the Indian ocean nine days out from Australia. His father and mother, Mr. and Mrs. George Lovelock, settled in Oroville, where they were the first white people. The town of Lovelock, Butte county, California, as well as the town of Lovelock, Nevada, was named after the elder Lovelock.

With his parents, the deceased came to Nevada in 1862. They lived in Unionville in the early days and then moved to Lovelock. For a number of years the family have resided in Tonopah. The body will be brought here tomorrow and the funeral will take place on Thursday, if all of the family can be assembled by that time.

MEXICAN BANDIT COMMIT ACT  
OF VIOLENCE NEAR THE  
BOUNDARY

(By Associated Press.)  
BROWNSVILLE, Texas, Oct. 19.—Mexican bandits who ditched and robbed a train at Olmita, 7 miles north of here, last night, are not believed to have come across the river. They removed all spikes and with wires they jerked the rail from under the engine's nose, giving the engineer no reason to suspect that the track had been tampered with. They burned a trestle, delaying the arrival of soldiers, and ditched three cars. The bandits entered the train, killed two unarmed soldiers and robbed the other passengers. J. W. Sword, an ex-soldier, dropped from the end of the train and ran three miles to a telephone.

(By Associated Press.)

Coroner Dunseath impaled a jury, which viewed the remains. The inquest will begin at 4:30 this afternoon. The deceased was aged 27 years and was unmarried.

RUSSIANS PLACE FAITH  
IN RAINY SEASON

KNOWLEDGE OF THE BOGS WILL  
BE OF BENEFIT TO THE  
GUERRILLAS

(By Associated Press.)  
PETROGRAD, Oct. 19.—The early and persistent rainy season over the greater part of the fighting front is taken by the Russian peasants as a sign that the text inscribed on the regimental standards—"God is on our side"—is not misplaced. The Russian places great faith in the defensive merits of his rainy season, especially in the marshy sections, where intimate knowledge of the bogs will enable local guerrilla bands, under the skilled leadership of picked Cossack daredevils, to keep up a continual harassment of the German flanks and rear.

The local peasantry alone is familiar with the shifts and tricks of the marshland, especially in the treacherous Pinsk district, for there the bogs vary with the seasons and according to the rainfall. A case has already been reported from this district in which a German column was cunningly surrounded by a small force of guerrillas, who crept by secret ways across the swamps and raised an alarm on all sides at once. The enemy, seized with panic, endeavored to find a way out and the whole column disappeared in a treacherous morass which seemed a possible road to safety from the unknown strength of the attackers.

It is still somewhat early for the appearance of the guerrillas, whose best opportunity will come when the snow obliterates the landscape for all save the native-born.
